WARMEST WISHES TO ALL SEYCHELLOIS FOR INDEPENDENCE DAY 2018

LDS expresses its warmest wishes to all the people of Seychelles for Independence Day 2018.

Today we are 42 years old, still one of the youngest nations in the world but growing as strongly as any other.

We are called to celebrate this precious anniversary in unity and harmony.

It is a great accomplishment for us that we have never allowed race or religion to divide us. Now that we are striving to put aside the division of politics, we look forward to a new era of unity when all Seychellois live, work and grow as brothers and sisters.

Our hopes for our country rest on unity. It is only as one force that we can achieve the best for Seychelles – a thriving economy that brings prosperity and a cohesive society that ensures social justice.

The celebrations of our National Day are an occasion when we can come together in an atmosphere of joy. The parade and the shows are there to enjoy as the results of our work and contribution to our country, while we thank those who have given their time and effort to organising the events for us.

But this day is also a solemn occasion when we should remember our values as a nation which we can sum up in two words: Responsibility and Respect. Responsibility calls for us to fulfil our commitments in work or study, in assuring the welfare of our families and in civic engagement for the sake of building a strong nation. We are called upon to respect the rights and dignity of everyone, our national institutions, our cultural heritage and our environment.

Independence Day is also a good moment to remember our place in the world, where we stand proudly as a sovereign nation that upholds freedom and human rights.

LDS wishes you a happy celebration of our National Day. Let's honour what we are and what we want to be.

Roger Mancienne
Party Leader.
